It was a great privilege to travel to India in April of 2005. Being the Pastor of Dr. G. Paul Victor's home church in America, I can vouch personally for the integrity and enormity of this man's ministry in Southern India. In three weeks time, we saw only a small portion of his outreach but were able to visit ten churches and preach to app. 300 pastors at a pastor's conference. Dr. Paul's care of us was such that my wife and I would not hesitate to return and I encourage any pastor to go and see the great things God is doing thru Gospel to Asia Ministries and Grace Charity Foundation. It will change your heart and expand your vision for your own ministry and missions outreach in India.

Going to India and seeing first hand the mission work of Dr. Paul Victor was the greatest experience of my life. From the time we got off the plane in Visakhapatnam, until the time we left India, there was never a dull moment. Evangelistic campaigns, church services in many villages, a Pastors Conference, laying the cornerstone for the Sharon Gardens Hospital Project and being at the Dr. Joseph Roberts School's annual program kept us very busy. During our stay, we were treated very well and felt safe under the care of Dr. Paul and his team. India is in a time and place where God is blessing. We saw many people saved. I would highly recommend this experience to any pastors and church laymen. I guarantee you will not come home the same.
